Introduction to the Guidelines
Welcome to the F1 in Schools licensee guidelines. These guidelines define and demonstrate the correct use of the F1 in Schools standalone logo and the F1 in Schools In-Country logos. They also illustrate methods of application and advice on reproduction. These guidelines must be followed closely as any deviation of them will weaken the overall impact of the logos.

These guidelines are intended for use by graphic designers, advertising agencies, printers and other outside consultants or manufacturers who are responsible for the design, creation or production of any item that uses the F1 in Schools Standalone Logo or either of the F1 in Schools In-Country logos.

The relationship between the F1 in Schools brand and a third party is subject to strict governance. All uses of the F1 in Schools Standalone Logo and F1 in Schools In-Country Logos must adhere to these guidelines and is subject to the written approval of F1 in Schools Ltd. Any proposed application not specifically outlined in this document is subject to the specific approval of F1 in Schools Ltd on an individual case basis.

F1 in Schools™ General Logo Guidelines
General logo guidelines introduction

The guidelines provided in the following section apply to all versions of the logos which licensees are permitted to use. The F1 in Schools In-Country Logo (B) has been used for demonstration purposes in the following pages unless specified.
Minimum Size

To maintain clarity and legibility on various applications, a minimum size has been set depending on the application. Examples of applications are shown opposite and described below.

A. Print
For printed applications such as letterheads, print ads and posters no greater than A4, the minimum size is shown as opposite. Please note that optimal print quality control is required at the minimum size. For printed applications larger than A4, the minimum size of the logos should be scaled up in proportion to the dimensions of the print applied (see opposite).

B. Online
For web-based applications such as websites and online advertising banners, the size of the logos are calculated in pixels. Please ensure that the F1 in Schools logos retain their sharpness.

C. Other applications
For applications that require the F1 in Schools logos to be reproduced using methods other than print e.g. embroidery, embossing, foiling or engraving, the minimum size is shown opposite. Please note that reproductions of the F1 in Schools logos at minimum size on such applications will be subject to a rigorous approvals process and, depending on method may need to be tested at a greater size.
